Anetta first came to Good Shepherd Clinic one year ago. She was referred by doctors at Open Arms Clinic as part of their partnership with Good Shepherd. While Open Arms would provide her medical care, Good Shepherd would provide oral healthcare. And Anetta definitely needed help. A large gap in her upper front tooth had widened over time as she lost teeth to cracking and disease. Her bottom teeth were in equally bad shape. Anetta was the first to receive oral care through this partnership with Open Arms.

You might not recognize Anetta today if you had met her last year. Her front teeth have been replaced by beautiful dentures. Dr. Bath is working on Anetta’s bottom teeth and tells us how much she appreciates Anetta. "She is just so patient! Many times she has come in and her blood pressure was too high for us to work on her teeth. It has taken so much longer to do the work because of this, but Anetta is a joy to work with and we hope to have her bottom teeth finished soon." Anetta truly is grateful, despite the delays. "My stepdad and three friends have paid $3000-$5000 for new teeth," says Anetta, "and they all comment on how great my teeth look and want to know where I got them done." Anetta says, "If I had it all do to over again, despite all the delays and issues, I would still come to Good Shepherd."

Anetta exemplifies the Good Shepherd story. She is a collaborative partner in her care and is the first patient to participate in our partnership with Open Arms. This partnership is supported by a grant from Oklahoma City Community Foundation. Most importantly, Anetta feels like a partner in her care. "Dr Bath and I help each other. I'll make a suggestion and she will say, 'I never considered that.'" In fact, Anetta insists she has to come back for dental care so often because Dr. Bath just likes seeing her. It's true that we like Anetta and we are thrilled to see her progress. What thrills us the most is the collaborative care that brings
A Beautiful Day for Golf

We had a fantastic day of golf on May 13. The Greens Country Club hosted our tournament and were great hosts! Sixteen teams participated and helped us raise thousands of dollars for Good Shepherd. Sponsors Red Plains Professional, Valliance Bank, and Carr Healthcare Realty made the day possible. Chick Fil A and Earl's Rib Palace fed the hungry teams. Raffle items were provided by Energy FC, The Escape OKC, The Greens Country Club, Kamp’s 1910 Cafe, Raising Cane’s, Remington Park, River Oaks Golf Club, and Valliance Bank. Thank you to our OKC community for caring so much for the underserved!

Dr Karen Luce brings birthday joy

Happy birthday to Dr. Karen Luce! For her birthday, Dr. Luce chose to give back. She hosted a party for herself at Bleu Garten and asked her friends to honor her by donating to Good Shepherd. She raised nearly $500! Dr. Luce also invited her friends to purchase items from our Amazon wish list and we are still receiving much needed items like gloves and gowns. Thank you for giving back in such a unique and fun way!

Keller Williams Elite Red Day

We can't say "thank you" enough to Keller Williams Elite for choosing Good Shepherd as their Red Day recipient. Realtors descended upon the clinic where they painted, put up chair rails, hung pictures, and beautified the grounds. It was fantastic and the clinic has never looked better! Thank you to each person who participated in this event.
