

## Compassion for Oklahoma City

Greetings!

Since 1977, Good Shepherd Clinic has provided **free** primary medical and dental care including prescription medications to the low-income and uninsured in the Oklahoma City area. Our goal is to provide better health care for a better life. We do not receive any state or federal funding and rely on the generosity of donors.

## Changing Lives

### Jose

He works long hours six days a week as a mechanic — often until after midnight. But Jose has no health insurance and his employer does not offer a health plan. He suffers from hypertension, panic attacks, and reflux which require prescription medications. The cost of these prescriptions make him choose between buying medications or groceries for his wife and two daughters. The stress of working and providing for his family increases his blood pressure and makes things worse. Good Shepherd Clinic has been Jose's lifeline, providing him and his wife with medical and dental care and the medications required to control his illnesses so he can keep working. "God help me if I couldn't work," he said, "If I didn't have this care, I would be in medical debt and not be able to pay my bills or

## PROVIDING THE GIFT OF HEALTH

Last year, Good Shepherd's Pharmacy provided 13,026 prescriptions at no cost to our patients in need of medications.

In 2017, doctors, dentists, PAs, dental hygienists, pharmacists and other volunteers provided 10,056 hours of services and 8,184 patient visits to those in our community needing health care.

## Oklahoma Health Outcomes

- Oklahoma is ranked 44th in overall health
- Every 24 minutes, someone dies in the U.S. due to a lack of health insurance
- 80 percent of Oklahomans who are uninsured are in working families
- Oklahomans without health insurance have difficulty accessing medical, dental, vision, mental health, and preventative care
